

If Love was a Train [A7] Michelle Shocked

[A7] If love was a train
I think I would ride a slow one

[D7] One that would ride thru the night
Making [A7] every stop

If [E7] love was a train [D7]

I would feel no pain and I would never [A7] get off

[A7] If love was a train
I think I would ride me a long one

[D7] Hear me talking
I'm talking fifty boxcars [A7] long

[E7] Aw what's the use?

Most trains [D7] these days

Ain't got no engine Much less no [A7] caboose Woo! Woo!

[E7] Look out here she comes [D7] Look out there she goes [A7]

[A7] If love was a train
I'd throw my body on her tracks

If [D7] love was a train

I'd throw my body right down on [A7] her tracks

If [E7] love was a train [D7]

I would feel no pain as she Rolled right down [A7] my back

[A7] But love ain't no train
More like a broncin' bull

And the [D7] most you got's 15 seconds

In the [A7] saddle

And even [E7] if you manage to ride

You are [D7] all shaken up inside

And it's gonna be a long time Before you ride [A7] that bull again

If love was a train

But love ain't a train...
